## Mission Statement

The City of Tupelo Department of Parks and Recreation strives to improve the quality of life for the citizens of Tupelo by providing professionally designed comprehensive recreation and leisure programs and services. To accomplish this mission, the Department:

- Provides diversity in programming opportunities for participation by all.
- Fosters the development of knowledge, interests, and behaviors that promote a healthy lifestyle.
- Encourages the development of positive attitudes regarding participation and sportsmanship.
- Offers programs and services at a cost that is affordable to everyone.

## Inclement Weather Policy

- When a **Tornado Watch** is issued (any day), TAC will stay open for 60 minutes to allow people inside to finish up and exit safely. No new entries allowed during this time.
- **Tornado Warning:** If a watch becomes a warning at any time, staff immediately follow the Emergency Action Plan for tornado warnings.
- **Weekday Timing (Monday – Friday)**
- **Tornado Watch before 3 PM:** normal operations until 3 PM, then 60-minute window begins.
- **Tornado Watch after 3 PM:** 60-minute window begins immediately.
- **Weekend Timing (Saturday & Sunday):**
- Once tornado watch is issued, the 60-minute window begins. The facility closes for the rest of the day, even if weather conditions improve.

## Facility Policies (cont...)

Organized groups, such as birthday parties, private parties/rentals, daycares/-camps, field trips, swim teams/clubs, fitness class participants, and individuals must abide by the Policies and Rules of the Tupelo Aquatic Center.

Inner tubes, water wings, noodles, and inflatables are not allowed in pool area without special permission from the TAC Management Team.

All personal flotation devices must have a US Coast Guard approval statement on the device to be permitted. Diving rings are allowed. Life jackets are available for rental at \$5.00 per day.

Non-swimmers who are not wearing a flotation device must stay in the shallow part of the pool. **NO EXCEPTIONS!**

Children age 3 and under must wear a swimmer's diaper (available at the Front Desk for \$5).

All children wearing diapers must use the bathroom with a changing table for diaper changes, not any open areas within or around the aquatic facility, such as the lobby or pool decks.

Children 4 years of age and older must change in the gender appropriate locker room or in the family restroom. If a parent or guardian is required to assist their child of a different gender with changing or using the restroom, they must use the family bathroom located next to the Elvis Presley Pool.

Patrons are to use the restrooms and locker rooms of the gender reflected on their driver's license or birth certificate.

Writing on walls of bathrooms is prohibited and will result in dismissal from the facility, and payment for repair will be required.

The use of camera, video cameras, or any devices containing camera equipment or any kind is prohibited in all locker rooms, bathrooms, and changing rooms. This includes the use of cell phones.

Guests are strongly urged to lock all items left unattended in the locker room.

Tupelo Aquatic Center isn't responsible for any lost or stolen items.

No loitering.

## Adult to Child Ratio Policy

Children 7 to 12 years of age must be accompanied and supervised by a responsible adult (age 18 or older) who is present with them at all times on the pool deck or water.

**Children 7 to 12 years of age:** Ratio is 5:1 (5 children to 1 adult (age 18 or older) supervising at all times, regardless of whether or not a flotation device is used).

**Children 6 years and younger:** 1 child per adult (age 18 or older) with direct supervision, regardless of a flotation device is used. The adult must be within arm's reach of the child at all times.

**What does "within arm's reach" mean?** The term is used in relation to child supervision when in or around water. While this does not literally mean that a parent or guardian must be an arm's length away at all times, it does refer to them being able to respond and react should something happen to the child. This still allows children to swim and play, but ensures that parents are **ACTIVELY** supervising and able to intervene if the child gets in danger.

A 25 yard swim test will be offered by staff for children age 6 and under. Those who pass this swim test are treated as age 7 for purposes of this requirement. Swim tests are conducted in deep water, unassisted by flotation devices.

## What are the responsibilities of Lifeguards?

**Our lifeguards are present for emergency response & safety enforcement. They are certified by the American Red Cross & use of their standards and training to monitor the pool & surrounding areas. Lifeguards may not be on duty at all times. Swimmers & their guardians shall be mindful that even when lifeguards are on duty, swimming can result in injury & even death of the swimmer if proper care isn't taken. Parents & guardians are asked to supervise their children at all times.**

The Tupelo Aquatic Staff strives to maintain the highest standards in emergency training. Our goal is to provide patrons with a safe and clean atmosphere in which families can enjoy themselves in a recreational environment. The purpose of our staff is not to supervise your child, but to prevent accidents. Therefore, parents and guardians are to closely supervise their children and assist in enforcing the facility's policies for the safety and enjoyment of all patrons.

## SWIM AT YOUR OWN RISK

During designated "Swim at Your Own Risk" times at TAC, no lifeguard will be on duty.

These times will not occur during public Fun & Family recreational swimming, Little Ripples, or any other program involving groups of children that are not part of a structured class or swim lesson.

## Facility Medical Policies

- Patrons are not allowed to swim with open wounds or cuts even if covered by a Band-Aid or bandage. Any person having a skin disease, sore or inflamed eyes, cold, nasal or ear discharge, communicable disease, or who is wearing a bandage to cover an open wound (unhealed) will not be permitted in the pool. If a lifeguard give first aid to a patron that requires a band-aid or bandage, the patron will not be able to re-enter the water. No refunds will be given. This is to ensure the safety of the swimmer.
- Any person experiencing a nosebleed cannot re-enter water unless bleeding has completely stopped for at least 30 minutes.
- Any adult or child experiencing even a mild case of diarrhea may not use the pool. Persons with diarrhea should wait 2 weeks after symptoms end before returning to the pool. Pathogens of concern may still be shed up to 2 weeks following the end of symptoms.
- Band-aids are not allowed by anyone while participating in water activities.
- No blowing of the nose, spitting, or spouting of pool water.

## Facility Recreational Component Policies

- One person on the diving board(s) at a time. Wait until the person in front of you has gotten out of the way.
- No double bounces, no cut-aways, no cartwheels, or any form of gymnastics. We reserve the right to close the diving boards to have open water swim and vice-versa.
- Lifeguards will monitor all behavior on the diving boards.
- Starting blocks are not for recreational use.
- Do not walk on the bulkhead.
- No diving in shallow water, crowded areas, or where it is specifically marked "NO DIVING". No cartwheels, back flips, or flips off the side of the pool.
- No hanging on lane lines. Lanes are designated for lap swimmers.
- A swim test may be required for those using deep water areas during swim times.
- Do not throw basketballs from the deck to the pool. No dunking of basketballs into the goals. No hanging on basketball goals.

## Swimsuit Policy

- Proper swim attire is required.
- Staff reserves the right to ask to see the swimwear to ensure it meets facility requirements.
- Gender-appropriate swimwear is required (gender reflected on driver's license or birth certificate).
- All female / male swimsuits should fit accordingly, as this is a family-friendly environment.
- Swimwear that can be seen through are not to be worn by anyone.
- No cut-offs, thongs, leotards, sports bras, mesh shorts, basketball / gym shorts, workout clothing, running shorts or street clothes. Underwear must not be seen. No sagging pants or shorts.
- FEMALES:** May wear one- or two-piece bathing suits. Swim shirts, trunks, or board shorts may be worn in conjunction with a one- or two-piece bathing suit.
- MALES:** May wear board shorts or swim trunks.
- Females must wear bottoms that cover 75% of the glutes and modest non-revealing top. Males must wear mid-thigh length or longer shorts. These guidelines apply unless in competition where a uniform is required or preferred for an organized athletic event.
- Those found in violation of our swimsuit policy will be asked to change into appropriate attire or will be asked to leave the facility. Refunds will not be issued to those patrons expelled from the facility due to improper attire.
- Street clothes (especially cotton) can transport airborne and ultimately waterborne contaminants into the pool.
- Swimwear worn for exercising prior to using the pool is unsanitary. Soiled clothing can create an unhealthy swimming environment.

# American Red Cross

## Aquatic Center Classes Lifeguard Training

You must be 15 years old and proficient in the front crawl (freestyle) and breaststroke. Lifeguard training includes CPR for the Professional Rescuer (CPR/PR) and AED. In this course, you will learn about the duties and responsibilities of a lifeguard and how to carry them out in a professional manner. You will also learn a number of lifeguarding skills, such as surveillance techniques, how to use rescue equipment and how to manage a suspected spinal injury victim. These practices require strenuous activity. If you have a medical condition or disability that might prevent you from taking part in the practice sessions or if you have any questions at all about your ability to participate fully in the Lifeguard Training Course, you should discuss it with appropriate personnel at your local American Red Cross chapter or unit before you start the course. Certification is valid for 2 years.

### Prerequisite Skills you will perform:

 **Prerequisite 1: Complete a swim-tread-swim sequence without stopping to rest:**

 Jump into the water and totally submerge, resurface then swim 150 yards using the front crawl, breaststroke or a combination of both. (Swimming on the back or side is not permitted. Swim goggles are allowed.)

 Maintain position at the surface of the water for 2 minutes by treading water using only the legs.

 Swim 50 yards using the front crawl, breaststroke or a combination of both.

 **Prerequisite 2: Complete a timed event within 1 minute, 40 seconds:**

 Starting in the water, swim 20 yards. (The face may be in or out of the water. Swim goggles are not allowed.)

 Surface dive (feet-first or head-first) to a depth of 7 - 10 feet to retrieve a 10-pound object.

 Return to the surface and swim 20 yards on the back to return to the starting point, holding the object at the surface with both hands and keeping the face out at or near the surface.

 Exit the water without using a ladder or steps.

## Blended Learning Course

The Blended Learning Lifeguarding Course from the American Red Cross builds the same knowledge and skills as our traditional classroom training. Designed for those who need more flexibility, our blended learning option combines online learning with in-person sessions where you will practice skills and demonstrate competency.

 Must have access to a computer with internet capabilities.

 Student progress reports must be printed out and submitted to instructor on the first day of the on-site instruction.
